

# Annapolis Royal Community Fund

## *A Gift that keeps on Giving*

**Established: 2009**

**Purpose:**

This Fund was established to provide a way for all of us to contribute to the community we love and to help ensure that our needs are addressed both now and into the future.

**How the Fund Works**

The Fund is administered by local community members who know our area well. They:

1. Help to grow the Fund and gather community resources to support the Fund's activities;
2. Actively engage with others to understand the community's needs and opportunities; and
3. Distribute interest from the Fund to local organizations that make Annapolis Royal a great place to live.

### **About our Fund...**

The Annapolis Royal Community Fund was created by local residents to enhance the well-being of our community by strengthening the common good, improving our quality of life, and addressing our most challenging issues in thoughtful and meaningful ways. The Fund supports the social needs and broad interests of our area including culture, education, arts, heritage, health, sport, recreation, and other cornerstones of our vibrant community.

### **How our Approach is Different**

Unlike buildings or equipment, your gift to the Annapolis Royal Community Fund will never outlive its usefulness. The Annapolis Royal Community Fund is a permanent endowment fund, meaning that only the interest is used to support local causes. Your gift contributes to the vitality of the area both today and tomorrow. What better gift can you give to your friends, your family and your neighbours?

**Please donate to the Annapolis Royal Community Fund today and help ensure that the Annapolis Royal area will be strong, vital, resourceful and resilient for generations. All donations are tax-receipted and gifts of cash or stock are readily accepted.**

**For our American friends, we offer tax receipts applicable against US income.**

**Contact Allison today at 1-877-999-5907 to find out how you can help to make a lasting difference in the Annapolis Royal area.**
